

Statement of Brokerage Services AMS Green Markets B.V.

The purpose of this Statement of Brokerage Services is to set out the basis and framework upon which AMS Green Markets B.V. provides brokerage services to its customers. It contains an overview of certain market conventions and practices adopted by AMS Green Markets B.V.

Markets in particular products may also follow other conventions and practices, so this statement is not an exhaustive summary of all practices. The brokerage practices described in this document address AMS Green Markets B.V.'s provision of name brokerage services but do not modify or supersede contractual arrangements with customers.

Brokerage Function

AMS Green Markets B.V. provides brokerage services to its customers by introducing (the “introduction”) business partners, as potential seller or potential purchaser, in the (renewable) energy certificates market to the customer, which are open to concluding one or more transactions with the customer, as seller or purchaser, particularly in the (renewable) energy spot market area, in order that the customer as seller or purchaser, can individually finalize the pre-agreed fundamental terms and conditions with the relevant business partner.

AMS Green Market B.V.’s client base varies by product and includes industrial parties, utilities energy suppliers, energy producers, traders, banks, and any other market counterparties. AMS Green Markets B.V. adds value to its customers by (i) improving price discovery and transparency, (ii) enhancing liquidity, (iii) facilitating information flow, and (iv) providing a degree of anonymity and confidentiality appropriate to each marketplace.

AMS Green Markets B.V. works with multiple customers as it sources liquidity for its customers. The interests of AMS Green Markets B.V. and/or its customers may well be in conflict. By entering into the service agreement and accepting these terms, customer agrees that AMS Green Markets B.V. may transact such business, without having to inform customer hereof and without the customer being able to make claim against AMS Green Markets B.V. in respect hereof. AMS Green Markets B.V. aims to balance the interests and expectations of multiple customers involved in or contemplating a particular transaction, as well as to act in a manner that furthers the interests of all customers in the maintenance of an active marketplace. It does not serve as a fiduciary to its customers who must decide for themselves whether or not to enter a transaction.

Name Passing Brokerage

AMS Green Markets B.V. provides brokerage services on a name passing basis:

1. **Name Passing.** AMS Green Markets B.V. acts as an “arranger” to connect buyers and sellers directly and to assist in the negotiation of the price and other material terms of the transaction.

AMS Green Markets B.V. generally discloses the identity of the counterparties only at the point at which the parties – at an anonymous basis – have directly agreed and committed to (other) terms so that at that stage the transaction is subject only to credit approval of the counterparty. Following disclosure of the identities of the parties the transaction is binding conditional between both parties and subject only on a credit check and approval. A party may only withdraw from the transaction for bona fide credit reasons.

The buyer and the seller clear and settle the transaction directly either through the relevant exchange, or the appropriate market mechanism.

Price Disclosure

Voice Brokered Markets. In voice brokered markets, price discovery is generally done by voice and through electronic communications. AMS Green Markets B.V. may seek to source a counterparty based on a firm request from a customer that specifies some or all the trade parameters. In other situations, AMS Green Markets B.V. may be asked or expected to work a contingent order, and to do this may adjust the contingent order to reflect changes in the price of, or shifts in the curves relating to, underlying instruments or indices with which the instrument(s) that is the subject of the order correlate.

Electronic Markets. In electronic and hybrid markets the price discovery process takes place through information posted on screens. In pure electronic markets all posted orders are firm and sorted by time, price, size priority according to the non-discretionary rules of the system.

Brokerage Fees

In Name Passing markets, AMS Green Markets B.V. will charge a fee that is separate from the transaction price.

For certain products, a brokerage fee is paid by both customers in the trade. For other products, the brokerage fee is paid by one of the customers in the trade.

The brokerage fee paid to AMS Green Markets B.V. may be negotiated on a deal-by-deal basis or be charged at a standard agreed rate.]

Anonymity and Disclosure

In accordance with general market practice, in Name Passing Brokerage products markets customers generally operate in an anonymous fashion prior to the point of execution. Liquidity and transparency in the marketplace are best served by maintenance of confidentiality. Counterparty names are only disclosed once the parameters are agreed between the parties and the counterparties request disclosure to complete the transaction. On disclosure, the counterparties are committed to the transaction subject only to credit approval, and counterparties must not unreasonably withhold or delay that approval.

There may be circumstances where the identity or creditworthiness of a customer is a material term of the transaction or price that could adversely affect the broker's ability to reflect an accurate market. In such situations, AMS Green Markets B.V. reserves the right without prior notice to disclose the identity of a potential customer to the other customer, to the extent it reasonably believes such information could constitute a material term for another party contemplating participating in such a transaction.

Non-Circumvention

Introduction by AMS Green Markets B.V. of a potential counterparty may lead to a transaction and to AMS Green Markets B.V. earning a commission. The customers who receive an introduction shall not circumvent or attempt to circumvent the terms of the brokerage agreements or payment of a commission to AMS Green Markets B.V.. In the interests of retaining a liquid and transparent market, upon disclosure of a counterparty identity by phone, email, and other method of communication, a party should not endeavor to circumvent AMS Green Markets B.V. in that or subsequent transactions to contact and deal direct.

Publication of Trade Information

In hybrid markets, a transaction is carried out through a voice broker, AMS Green Markets B.V. can publish a record of that transaction on the screen used for electronic brokerage of that product or by other means so that it is made available to other participants in the marketplace. In the absence of a request from its customer not to publish the transaction, AMS Green Markets B.V. will publish the record of such transactions.

AMS Green Markets B.V. recognizes that its customers may in certain situations prefer that such transactions not be published on the screen (such as block trades or trades in illiquid or volatile assets) and, when requested to refrain from such publication, AMS Green Markets B.V. will seek to honor its customer's request to the extent practicable, and to the extent that other participants in the trade agree to the request. AMS Green Markets B.V. believes that in most circumstances the marketplace is best served when trades conducted through voice brokers are published on screen and encourages its customers to share and act upon that view.
